Player Info

Hi! My name is Lilliana Cervantes. I feel I am a great candidate for your college because I am a highly dedicated and committed student athlete. My love for the sport is in the outfield. I currently play on the Nevada Lightning 16u Wackowski. I am enrolled at Reed High 5A high school. I made the Varsity softball team as a freshman.

Since I could remember I was a very driven and passionate person I have a deep love for this sport and work hard daily to perfect my skills. My strength comes at the plate, I hit for power and will sacrifice if I am called upon to do so. I just hit my record top exit velocity of 72 mph on HitTrax this winter. Looking forward to bringing my bat to the high school season!

I would like to further my career in Softball in college while earning a degree Art
